### DEBUNKING THE MYTHS ABOUT HOME PROJECTORS

### A television is just as good as a projector.

There is less strain on your eyes viewing content from a projector screen, as compared to a television screen, due to a gentler light reflection.

You also have the flexibility of having a big screen experience of up to 100-inches in the comfort of your home.

#### I need a blank wall.

You could easily purchase a pull-down screen or a portable screen that can be kept away when it is not in use.

## MYTH 2

### Projectors and its maintenance are expensive.

Depending on your needs, you can choose between laser or lamp projectors, and before you know it, you have your money back from saving all those trips to the cinema with our wallet-friendly home projectors!

Also, expensive lamp replacements are a thing of the past. With laser projectors' 20,000 maintenance free hours\*, you can indulge in 5-hour movie marathons daily for up to 10 years!

### Maintenance Free Hours\*

\*For selected models only.

### A dark room is needed.

Thanks to our 3LCD technology, projected contents from Epson home projectors remain brilliant even when viewed in well-lit areas, with equal white and colour brightness of up to 4,000 lumens!

### A projection screen is too big for your home?

You can easily adjust the screen size from 60-inches to up to 100-inches\*, by shifting your home projectors at a distance of 0.26m to  $3m^{\circ}$  from the wall.

- ^For selected models only.
- ^Throw distance range is an estimate and will vary depending on model

### Troublesome installation.

Simply turn on the power and be entertained instantly by the inbuilt smart streaming function\* of your projector.

\*For selected models only.

### **HOME ENTERTAINMENT PROJECTORS**

### androidtv

### Fulfil your desire for a spectacular cinematic experience right at home with Epson.

Complete your home entertainment setup and indulge in your favourite shows with Epson's home entertainment projectors. With 4K resolution\*, maintenance-free laser light source\*, and gentler light reflection, you can now host movie nights or simply binge-watch your favourite shows with absolute joy and ease.

functions.

Exceptional Image Quality

Watch as every scene come alive at

stunning true-to-life quality,

lit up in vivid colours.

Experience the perfect balance of visual and sound, encapsulated in a compact and stylish design.

\* Selected models only. 4K Enhancement Technology shifts each pixel diagonally to double Full HD resolution. Resolution is Full HD in 3D Mode. No maintenance for the laser light source required for up to 20,000 hours. Approximate time until brightness decreases 50% from first usage. Measured by acceleration test assuming use of 0.04-0.20 mg/m3 of particulate matter. Time varies depending on usage conditions and environment. Replacement of parts other than the light source may be required in a shorter period. Google, Google Play, YouTube, Android TV and other marks are trademarks of Google LLC. Google Assistant is not available in certain languages and countries. Availability of services varies by country and language.

**Smart Media Player Function** 

Explore a world of unlimited entertainment

with Android TV™\* and Chromecast built-in™\*

You no longer have to wait to boot up your EpiqVision projectors to begin watching your favourite shows. With the shorter start-up time compared to a conventional projector setup, enjoy your favourite shows with a simple click on the remote.

Longer start-up period

### Fine-tune your sound experience with YAMAHA speaker EpiqVision Ultra EH-LS300B Only

Bask in a multi-dimensional true sound with 3D surround, designed with YAMAHA's unique DSP processing technology – AudioEngine™. Striking a careful balance and delivering controlled beams of sound, you can now immerse in spectacularly powerful and supreme sound quality, regardless of whether it is a clear acoustic sound or rich bass music.

Choose the most suitable music mode based on the content you are playing

For Sports

For Broadcasting

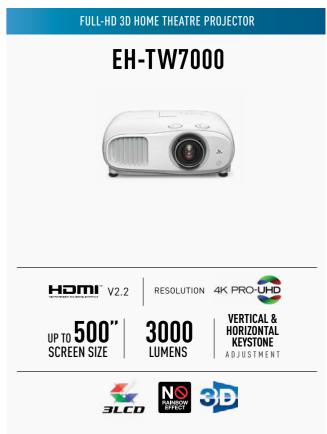

### Flexible, Immersive Projection.

<sup>1</sup> Support up to 4K/60Hz 4:2:0 8bit

### **Inspiring New Viewing Experiences**

With ease of installation, wider lens shift, 4K resolution<sup>1</sup>, and less light leakage, you can now enjoy your favourite movies in a perfect viewing environment.

Experience new breathtaking cinematic viewings that stay faithful to the directors' visions with Epson's Bright Cinema mode, and customise each show according to your preferences thanks to the various picture quality processing functions<sup>2</sup>.

EH-TW9400

EH-LS12000B

## Exceptional Realism Stunning 4K Experience\*

Make your home the centre stage for all the action with the advance pixel-shifting technology that works in parallel with three individual high-definition LCD chips to produce an exceptionally sharp 4K picture without sacrificing on brightness.

### 4

### Breathtaking, Phenomenal Images

### The Evolution of HDR

Showcasing the finest details even for the most subtle shadow tones. HDR is a key technology emphasized by filmmakers that helps convey the visual intent of a film more faithfully.

### Flexibility in Installation

### Wide-range Lens Shift

With the wide range powered lens shift and zoom function that only high-end home models provide, it allows extraordinary installation flexibility that can be installed in living rooms as well as dedicated home theatre rooms with no worry for obstructions!

### Smooth Fast-Moving 4K Video **Frame Interpolation**

With the improved frame interpolation technology, never miss out on any detail whether when watching fast-moving sports or gaming. Get clear image contours and smooth motion for a more holistic dimension of realism and dynamism to your 4K viewing experience.

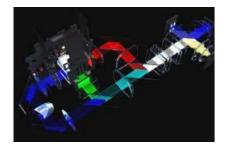

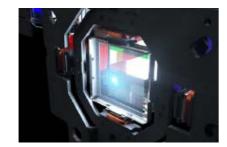

### Ultimate State-Of-The-Art Big Screen Experience

Bring home the state-of-the-art cinema experience with Epson's premium model - the EH-LS12000B. This laser model delivers phenomenal and uncompromising image quality for an elevated enthralling big screen experience.

### New and Improved Laser Diode Package For Unparalled Colour Realism

Equipped with a unique cutting-edge laser optical engine, the EH-LS12000B delivers incredible contrast and 2,700 lumens of equal white and colour brightness from jet black to rich, vibrant colours with its superb colour reproduction<sup>1</sup>.

### 2-axis shifting 4K Innovation For Clear Precise Images

Using Epson's proprietary shift device technology<sup>2</sup> and quietness-enhancing technology in the shift device, the high aperture ratio 1080p panel is upscaled to 4K, achieving 8.3mil pixels. Delivering bright and vivid images in every projection, the LS12000B projects with incredible accuracy and precision.

### **Dedicated** 4K Lens **Focused At All Times**

Made in Japan, this high-quality 4K lens ensures high focus level (even when zoom to maximum of x2.1). The lenses coupled with the new 4K image processing chip which supports HDR10 and HDR10+ allows better colour reproduction and management, for the ultimate unrivalled experience.

### Phenomenal Brilliance.

 $\mathsf{HDR10+^{TM}}$  logo is a trademark of HDR10+ Technologies, LLC."

### The advantage of Laser Projector For EH-LS12000B

Next generation laser light source offers improved usability and reliability compared to conventional lamp light sources.

Only 8 seconds to start up from power on1

Low power consumption is friendly to both household budget and the environment.

Multi-step brightness adjustment

Long-life design<sup>3</sup>

Maintenance-free, no lamp replacement2

Reduced light leakage concern in theater room environments4

Improved compared to previous Epson 3LCD Jamp projectors

<sup>&</sup>lt;sup>2</sup> Epson patented unique feedback control technology ensures precise and unmatched shift device movement

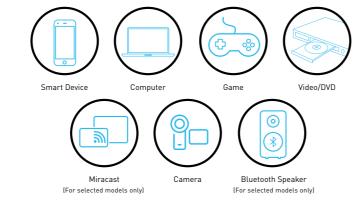

<sup>2</sup> Use of multiple laser diodes makes light source more reliable than a lamp. Additionally provides a light source life of 20,000 hours.

<sup>3</sup> Low-temperature light source brings lower impact on peripheral components and increased deterioral 4 Products using laser light sources are designed for better hermetic sealing to minimize light leakage.

### Wide Range of **Connectivity**

Home entertainment is now made more accessible than ever! Epson's own range of projectors allows integrated support for multiple connection methods including HDMI connection to suit a wide range of entertainment devices.

EpiqVision Ultra EH-LS500B ATV

EH-TW9400

EH-LS12000B

### **Compact Design for Easy Ventilation**

The sleek and compact designs of Epson's home entertainment projectors allow you to easily install them even in the narrowest of spaces. With air intake valves positioned at the front, you will no longer have to worry about ventilation.

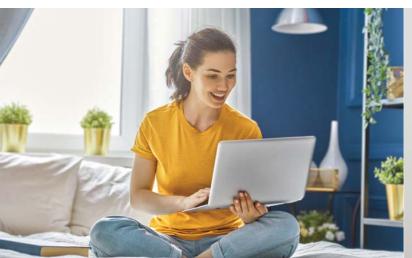

### **Built-in** Wireless Projection\*

Projecting high-contrast, vivid high-definition images smoothly is made possible with the built-in wireless transmission function in Epson's projectors. Conveniently project and enjoy your favourite shows and movies directly from Android and Apple iOS smart devices and PCs via Wi-Fi or Miracast today.

- Colour brightness (colour light output) and white brightness (white light output) will vary depending on usage conditions. Colour light output measured in accordance with IDMS 15:4; white light output measured in accordance with ISO 21118.
- <sup>\*3</sup> These modes and actual data throughputs depend on supported wireless mode of source devices and/or environmental conditions.
- 4 When used in the general office environment (the amount of floating dust; 0.04-0.2 mg/m3), Based on the Epson's in-house test results.

- Colour brightness (colour light output) and white brightness (white light output) will vary depending on usage conditions. Colour light output measured in accordance with IDMS 15:4; white light output measured in accordance with ISO 21118.
- <sup>2</sup> Maximum speed and range is achievable when used with same enhanced mode technology. Actual data rates, features and performance may vary depending on your computer system, the environment and other factors.
- 3 When used in the general office environment (the amount of floating dust: 0.04 0.2 mg/m3). Based on the Epson's in-house test results.

#### Supplied Accessories

Power Cable: 1m x 1 Remote Control with 2 x AAA Battery Quick Start Guide

#### Optional Accessories

Mount Plate: ELPMB65 Air Filter: ELPAF61 Streaming Media Dongle: ELPAP12 (EF-11 only)

EF-11

### **SPECIFICATIONS**

MODEL NUMBER		EH-TW5825	
Projection Technology		RGB liquid crystal shutter projection system	
Specifications of M		nob liquid diyatal anutta projection system	
LCD	Size	0.61" wide panel (C <sup>2</sup> Fine, 10Bit)	
	Native Resolution	Full HD (1080p)	
Projection Lens	Туре	Optical Zoom (Manual) / Focus (Manual)	
	F-Number	1.51 – 1.99	
	Focal Length	18.2 – 29.2 mm	
	Zoom Ratio	1 – 1.6	
	Throw Ratio	1.33 – 2.16 (Wide – Tele)	
Lightsource	Type	Lamp: 200W UHE	
	Lamp Life*1	Normal: 4,500 / Eco: 7,500 hours	
		Normal. 4,5007 Ecc. 7,500 Hours	
Screen Size (Project	cted Distance)		
Zoom: Wide		30" to 300" [0.87 to 8.9 m]	
Zoom: Tele		30" to 300" [1.42 to 14.5 m]	
Standard Size		80" screen 2.35 to 3.82 m	
Brightness <sup>2</sup>			
Colour Light Output		2,700 lm	
White Light Output (N	Normal / Eco)	2,700 lm / 1,780 lm	
Contrast Ratio		70,000:1	
	\	10,000.1	
Internal Speaker(s)	1	40MM are used (c. Mare and a comp)	
Sound Output		10W Monaural (with enclosure)	
Geometric Correct			
Vertical / Horizontal K	Keystone	±30° / ±30° (Slide Bar)	
Auto Keystone Corre	ection	Yes (Vertical ±30°, Zoom: Tele)	
Horizontal Slide Keys	stone Correction	Yes	
Quick Corner		Yes	
Lens Shift Range		160	
_		Vestical AFO(As 2007)	
Lens Shift		Vertical: +45% to +60%	
Connectivity			
Digital Input	HDMI	1	
Audio Out		Stereo Mini Jack x 1	
LIOD Intenton	USB Type B	1 (For Firmware Update and Copy OSD Settings)	
USB Interrace
